Research Center for Translation, Compilation and Language Education

National Academy for Educational Research

## Overview

Where are we?

- Basics of EMI

What do we know?

- An Evidence-based Approach

What can we do

- An Evidence-generating Approach
- Resources

# Basics of EMI

Where Are We?

Macaro, E., Curle, S., Pun, J., An, J., & Dearden, J. (2018). A systematic review of English medium instruction in higher education. *Language Teaching*, 51(1), 36-76.

## What is EMI?

- English Medium Instruction; English Mediated Instruction; English as *the* Medium of Instruction; English as *a* Medium of Instruction
- “The use of the English language to teach **academic subjects (other than English itself)** in countries or jurisdictions where **the first language of the majority of the population is not English.**” (Macaro et al., 2018: 37)

Richards, J. C., & Pun, J. (2021). A typology of English-medium instruction. RELC Journal, 0033688220968584.

Bridging the Gap

5

國家教育研究院  
National Academy for Educational Research

## Status Quo

- EMI courses are conducted similarly to CMI courses, only different in the working language.
- There is only one correct way or a one-size-fits-all model to implement EMI.
- English should be the only language used in an EMI class.
- EMI courses are usually designed and implemented based on rules of thumb.
- Most EMI research was done by applied linguists or TESOL experts.

Bridging the Gap

6

## Goals of this talk

- To bridge the gap between research and practices
- To promote evidence-based and evidence-generating approaches
- To call for interdisciplinary collaboration

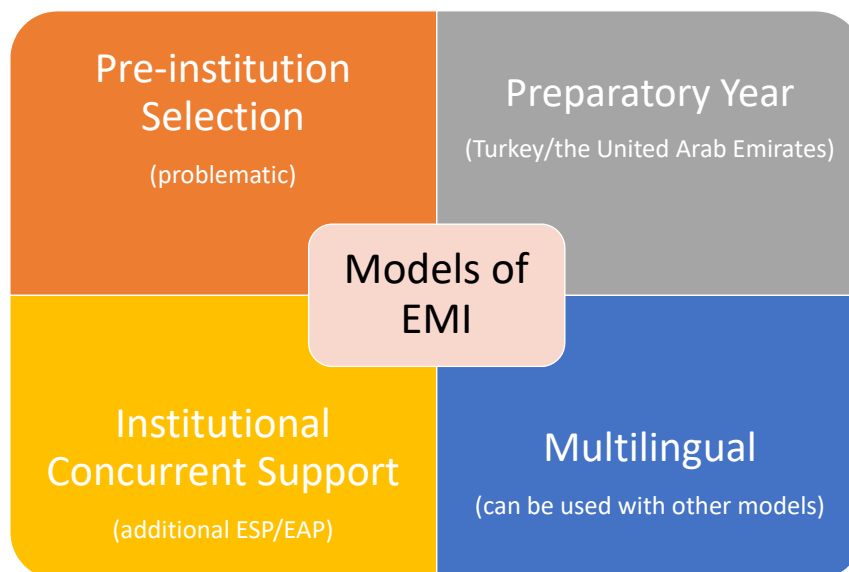

## An Evidence-based Approach

What We Know

## Topics

- Models of EMI
- Teaching methods
- Assessments
- Predictors for success
- Teachers' Agency and Professional Development

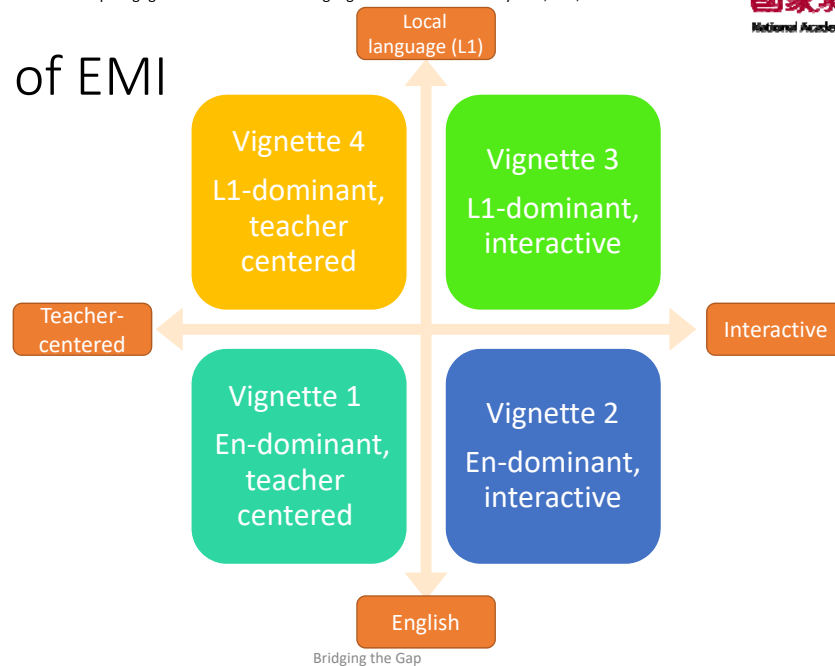

Macaro, E. (2022). English Medium Instruction: What do we know so far and what do we still need to find out?. *Language Teaching*, 1-14.

Sahan, K., Rose, H., & Macaro, E. (2021). Models of EMI pedagogies: At the interface of language use and interaction. System, 101, 102616.

## Models of EMI

Sahan, K., Rose, H., & Macaro, E. (2021). Models of EMI pedagogies: At the interface of language use and interaction. System, 101, 102616.

國家教育研究院  
National Academy for Educational Research

## Findings

- L1 was commonly incorporated in EMI engineering classes
- Elite universities tend to do EMI differently (less L1).
- L1 can be useful in encouraging student participation and engagement in EMI classes (e.g., asking higher-order questions (Pun & Macaro, 2019)).
- Translanguaging
- Student-centered learning can be an effective approach.

Prabjandee, D., & Nilpirom, P. (2022). Pedagogy in English-Medium Instruction (EMI): Some Recommendations for EMI Teachers. *rEFlections*, 29(2), 421-434.

國家教育研究院  
National Academy for Educational Research

## Teaching methods

“[T]ransforming monolingual disciplinary classes into EMI is not simply about changing the language of instruction; instead, it requires teachers to re-evaluate their existing pedagogy and change it to a learner-centered approach.” (Prabjandee & Nilpirom, 2022: 424)

Morell, T., Beltrán-Palanques, V., & Norte, N. (2022). A multimodal analysis of pair work engagement episodes: Implications for EMI lecturer training. *Journal of English for Academic Purposes*, 58, 101124.

國家教育研究院  
National Academy for Educational Research

## Teaching methods

Multimodal and interactive strategies are effective tools for EMI.

11'00" - 11'18"	1-5 (D)	all students, group A, board		T: Sorry, I have to interrupt here. Let's gather some information. You have some ideas to define cultural stereotypes. What about you guys? S (group A): We think it's a common characteristic that join a group of people. T: Ok. So we are talking about a group of people. Right? S (group A): Yeah	<b>國家教育研究院</b> National Academy for Educational Research <i>Cultural Stereotypes</i> -group people
11'20" - 11'55"	6-8 (D)	all students, group B, board		T: Alright? Any new ideas over here? S (group B): We mention some ideas like exaggerated traits of people with negative... T: Alright, probably negative, not real S (group B): I made a similarity like a cartoon. With a cartoon you exaggerate the traits. T: I like that, not real. I like that. Ok not real.	<i>Cultural Stereotypes</i> -group people -negative (not real)
11'56" - 12'29"	9-12 (D)	all students, group C, board		T: Alright you guys? S (group C): When you define a group usually they have some features geographical T: Geographical? S (group C): position T: Alright. Very good. Excellent. Ok, I would say some place, origin. Alright something like that.	<i>Cultural Stereotypes</i> -group people -negative (not real) -place/ origin
12'30" - 12'45"	13-14 (D)	group D, board		T: Alright? S (group D): What a group of people think about another person only for the fact to belong. T: So, thinking. So we are talking about ideas. What ideas we have of other people.	<i>Cultural Stereotypes</i> -group people -negative (not real) -place/ origin -ideas

15

## Assessments

- Assessment **for** learning is key (grading criteria, dynamic assessment, self/peer assessment, etc.) (Li & Wu, 2018; Hultgren et al., 2022)
- Assessments should be aligned with **learning objectives** (Li & Wu, 2018).
- Is **English** one of the learning objectives (Li & Wu, 2018)?
- **Multilingual** and **multimodal** practices can and should be used (Hultgren et al., 2022).

## Predictors of EMI Success

- **Language learning motivation** → not so much (Rose et al., 2019; Xie & Curle, 2022)
- **General English proficiency** → mostly yes, but sometimes mixed (disciplines matter) (Altay et al., 2022; Rose et al., 2019; Soruç et al., 2022)
- **Academic or discipline-specific English skills** → yes (Xie & Curle, 2022)
- **Academic success in L1** → mostly yes (Altay et al., 2022; Curle et al., 2020)
- **Self-efficacy** (Soruç et al., 2022)
- **Self-regulation skills** (Soruç et al., 2022)

## Implications

- Provide students the **language support** that they need.
- Focus on **EAP** or **ESP** education.
- Some **previous learning experience in L1** can be helpful, especially for STEM students.
- Enhance students' sense of **self-efficacy**.
- Teach or share **self-regulation skills**.

國家教育研究院  
National Academy for Educational Research

## EMI Teacher Professional Development

- Support teacher **agency** (Dang et al., 2021)
- Seek opportunities to improve **linguistic** and **pedagogical** competencies (Dang & Vu, 2020)
- Engage in **reflective** practice (Farrell, 2020)
- Involve in both **formal** and **informal** professional learning (Dang et al., 2021)
- Collaborate with **language specialists** (Chen & Peng, 2019; Macaro & Tian, 2020) or **mentors** (Chen, 2018)
- Participate in **university teacher learning community** (Yu et al, 2020)

## An Evidence-generating Approach What We Can Do

Pun, J. K. H., Curle, S. M., & Margaret, S. (Eds.). (2022). Research Methods in English Medium Instruction. Routledge.

國家教育研究院  
National Academy for Educational Research

## Research Methods

- Class data (pre- and post-assessments, assignments, presentations, etc.)
- Questionnaire surveys
- Interviews (individuals, focus groups)
- Discourse analysis (lectures, activities, group discussions, etc.)
- Narrative analysis (teacher/student reflections, journals, etc.)

## Integrating BOPPPS with EMI

- A Teacher Professional Development Program in collaboration with National Yilan University
- Bridge-in
- Objective
- Pre-assessment
- Participatory learning
- Post-assessment
- Summary

國家教育研究院  
National Academy for Educational Research

## Surveys about Student Emotions and EMI

- EMI research in collaboration with National Tsing Hua University
- Motivation
- Curiosity
- Self-efficacy
- Performance in EMI

EMI OXFORD RESEARCH GROUP

HOME PUBLICATIONS PRESENTATIONS RESEARCH PROJECTS MORE...

### Introduction to the EMI Oxford Research Network

EMI Oxford Research Network is an international network run by the EMI Oxford research group within the Department of Education at The University of Oxford. The group explores the educational and linguistic implications of the spread of English as a medium instruction (EMI) within communities where English is not the primary language of communication.

Currently, the world is seeing a boom in EMI as an educational model, but the implications this growing trend is severely under-researched. Thus, the research group aims to fill this void in its exploration of the effects of EMI on language learning, content learning, teaching delivery, quality of education, inequalities of access, and other multi-faceted aspects of EMI.

This website is independently maintained by the EMI Oxford Research Group to consolidate our activities across our network which extends beyond the university.

## EMI journals

## EMI books

## To wrap up

- EMI is difficult but not impossible.
- There are many reasons for conducting EMI.
- There are always choices. It's not either-or or all-or-none.
- EMI is not only about the change in language but also about the change in ways of teaching and learning.
- Empirical findings can and should inform EMI practices.
- EMI practices can in turn support EMI research.
- Collaboration is desperately needed in both teaching, research and teacher professional development.
